February 2019

Dear Parent/Guardian:

Greetings! I hope this letter finds you have fared the winter season with ease, and eager to move on to the spring and summer seasons. That means that we are gearing up in the Transportation Department and starting to plan for next school year. Unlike in years past, we plan to have all of our routing 90% complete by the end of this school year. That is where we need your help!

There are many benefits to planning next year's routes early. Budget, staff preparedness, parent/student comfort in knowing their routes and times early among many others allows us to hit the ground running next fall. As such, we are asking that parents/guardians fill out the Transportation Information Form and Transportation Request Form early so that we can get a head start on making sure that our routes are optimized and safe. These forms can be found at the end of this letter or online on our website on the Transportation Department page. We are asking that all forms be submitted by April 1<sup>st</sup>. That is when all of our Private School Transportation requests are due, so it makes sense to collect all of the information at once and plan accordingly.

### **PICK-UP/DROP-OFF**

The changes we implemented for this school year have been very successful for us. We have noticed that on average, regular ridership has increased allowing our department to be more efficient with numbers of students per bus nearing comfortable capacity. Thus, we will continue next year with the same procedures as outlined below.

Your child's pick-up and drop-off times are approximate and could initially vary by as much as ten (10) minutes as we make changes to accommodate the needs of all of the children. This will go on for the first two weeks and we will contact you if there are any significant changes.

Please make sure your child is at his/her designated stop at least five (5) minutes prior to the scheduled pickup time. I can't emphasize enough the importance of having the child at the stop waiting for the bus, especially at the beginning of the school year.

Please be patient with the bus drivers and expect delays in the first two weeks of school. It is customary for buses to run late as the drivers and students get accustomed to the new routes.

## ALTERNATE STOPS

An alternate stop can be defined as; “Any address other than the student’s primary address.”

In the past, we have accommodated as many as 5 alternate stops for students. Our transportation study identified this as a safety hazard. The numerous changes and last-minute arrangements make it difficult to track children and increase the risk for mistakes to happen.

**\*\*\*IMPORTANT\*\*\*NOTE\*\*\*IMPORTANT\*\*\***

“As Needed” stops are strictly prohibited. Alternate stops will be limited to daycare providers or regularly scheduled stops only.

Please be advised that these requests **ARE NOT GUARANTEED**, and will only be accepted for daycare or other regular stop locations. Requests other than this will be reviewed and approved by the Director of Facilities/Transportation and the Superintendent of Schools on a weekly basis. As always these requests will be approved **based on space availability**, and are not intended for matters of convenience or “social” drop-offs. Should you have questions or concerns, please feel free to contact us by phone or email.

Please try and have your forms in to us by April 1. We fully understand that circumstances change constantly, and we can adjust accordingly. It is far easier to make a change to a route once they have been established than it is to get last minute changes and requests. Please don't hesitate to contact us if you have any questions! We appreciate your support in advance.

Sincerely,

Joe Magliocca
